

## **AGGREGATE RESULTS (AVERAGE PRICES) FOR GAS PIPELINE AND COMPRESSED NATURAL GAS (CNG) CUSTOMERS FOR THE 2022 CALENDAR YEAR**

In terms of the Piped-Gas Regulations 4(11), NERSA is obliged to publish the aggregate results of piped-gas prices for each calendar year, for the categories of customers defined in sub-regulation (5) on a provincial basis. The regulation also provides that there must be at least three customers in a given category for aggregate prices to be published.

NERSA, at its meeting of 3 August 2023 approved the aggregate results (i.e. average gas prices for 2022) for Gauteng, Free State, Mpumalanga and KwaZulu-Natal. From the pricing data presented to NERSA by piped-gas traders, there are no piped-gas or CNG customers in the following provinces: Western Cape, Eastern Cape, Limpopo and North West.

The aggregate results are available on the NERSA website at [www.nersa.org.za](http://www.nersa.org.za) for members of the public to access as required by the Piped-Gas Regulations.
